STATEMENT OF SUBSTANCE OF INTERVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

January 18, 2005

Sir:

The Advisory Action of December 1, 2004 sets forth the Examiner's conclusions regarding a telephone interview which the undersigned had with the Examiner on December 1, 2004 during which arguments, as set forth in the November 17, 2004 Amendment After Final Rejection, were discussed. The undersigned raised the issues as set forth in the November 17, 2004 Amendment After Final Rejection. The Examiner has agreed in the Advisory Action with the arguments set forth in the Amendment After Final Rejection pertaining to the message header holding conditions under which the message may be opened by the device of the recipient in a memory of the communication device as not being taught by Jennings.

An early action on the merits is requested since the Examiner has noted at the end of the Continuation Sheet that the Examiner "will be re-opening prosecution due to these remarks".

Respectfully submitted,
